The Original Infused Argan Oil Spray Tan

THE ORIGINAL

Infused Argan Oil Spray Tan

Harnessing the important properties of naturally-derived and ethically-sourced ingredients from across the globe, the MoroccanTan range works effortlessly to create nourished skin and an envious all-over glow.

Through the unrivalled properties unearthed in Pure Organic Argan Oil, it is the culmination of this powerful antioxidant, Organic Rosehip Oil, Organic Aloe Vera and a multitude of premium ingredients, that our renowned range ensures a deeper, richer and longer lasting seamless tan.

Performance is paramount, and MoroccanTan leaves nothing to chance. Our in-house state of the art laboratory is responsible for creating propriety world first technologies such as, MoroccanBlend, DermaLock*, Moisture Lock, FT100* and Enhanced Bronzers to create customised applications, which are both fast acting, luxurious and gentle on the skin.

Recognising that beauty is far from skin deep, with each MoroccanTan experience, so too is reinforced the brand's philosophy of the importance of skincare, delivering a nourishing treatment with each application.

Our non-oily, quick-drying and Paraben, PEG-free products work to achieve a flawless, refined finish that leaves the skin feeling soft, smooth and intensely hydrated.

Cruelty-free and vegan-friendly, MoroccanTan offers a range of shades to suit all desires – from deep, ashy brown to rich violet bronzers that adapt to individual skin tones, that all ensure the flawless, exotic finish that looks and feels just as every tan should.

THE COLLECTION

30 Minute, 1, 2 & 4 Hour Fast Acting Tans

NATURAL + ORGANIC INGREDIENTS | DEEP ABSORBING NOURISHMENT | QUICK DRYING | NON-OILY & NON-STICKY FORMULA | SUITABLE FOR ALL SKIN TYPES | PARABEN & PEG FREE

ETHICALLY SOURCED KEY INGREDIENTS

ORGANIC ARGAN OIL

From the Southwest regions of Morocco comes the Argan tree. Its seeds are used to produce exclusive Argan Oil, long known by locals for its nourishing and invigorating effect on the skin.

ORGANIC ROSEHIP OIL

Rosehip Oil is bursting with vitamins, antioxidants and essential fatty acids that calm and hydrate dry skin whilst assisting in the reduction of scars and fine lines.

ORGANIC ALOE VERA

Aloe vera consist as much as 75 nutrients, 20 minerals, 12 vitamins, 18 amino acids and 200 active enzymes. Aloe vera contains Vitamin A, B1, B2, B6 and B12, Vitamin C and E, folic acid and Niacin.

NATURAL VITAMIN E

Natural vitamin E is an antioxidant that protects & repairs the skin from free radicals and is essential for the proper utilisation of oxygen in skin cells; it helps soften and smooth the skin, relieves dryness and promotes healing.

VITAMIN C

Vitamin C is an antioxidant that plays an essential role in building collagen, helping to protect skin from premature ageing. Levels of vitamin C in the skin decline with age.

CAFFEINE

Caffeine fights UV damaged skin cells, has skin firming benefits and has anti-inflammatory properties to reduce puffiness.

NATURAL RASPBERRY SEED OIL

Extraordinarily high in Omega-3 and Omega 6 fatty acids, Raspberry Seed oil is a superb anti-oxidant. It contains 83% essential fatty acids.

ORGANIC COCONUT OIL

Coconut oil hydrates skin by replenishing natural skin oils. Jam-packed with antioxidants, this wonder oil works to help your body fight against oxidation, increases hydration and reduces dryness.

ORGANIC ROSE ABSOLUTE

Originating from Morocco, this soothing super oil contains high amounts of Vitamin C, a powerful antioxidant that helps protect skin cells from damage. The natural oils found in roses help refine, tone and balance skin texture, delivering a rejuvenated, smooth and glowing complexion.

PROBIOTIC DEFENCE

Probiotics strengthen the skin's barrier function and protect against unfriendly bacteria, environmental damage and free radicals, all of which can fast-track aging. Proven to stimulate the skin's natural defence mechanisms, boost the skin's immune health and build collagen, this pre/probiotic action works tirelessly to improve the radiance and well-being of the skin.

STATE-OF-THE-ART TECHNOLOGY

MOROCCANBLEND™ TECHNOLOGY

Solubilising and suspending Argan Oil in the solution in a perfectly homogeneous mix. This unique and unmatched combination restores skins moisture for more healthy and hydrated skin.

DERMALLOCK™

A unique blend of natural components that are designed to build a barrier on the skin, capturing key ingredients for a deeper, longer lasting, hydrated tan.

MELANIN TANNING TECHNOLOGY

Individually blended bronzers are uniquely combined to create a new mixed based formulation that will effortlessly complement all skin types perfectly with an intense, deep all over glow.

FT100°

FT100° (Firming & Toning Technology) is a blend of Caffeine, Vitamins and O₂ to achieve firmer skin and reduce the appearance of fine lines, resulting in overall younger looking skin, while maintaining a natural moisture balance.

MOISTURE LOCK

Infused with Organic Argan Oil, Natural Vitamin E and Aloe Vera, our signature Moisture Lock combination softens and moisturises the skin.

ENHANCED BRONZERS

All solutions contain added bronzers, from ash through to violet. They react during development time and act independently from DHA. Their main purpose is to prevent any yellow or orange tones on the skin.

48 HOUR HYDRATION TECHNOLOGY

48 Hour Hydration is delivered through a complex of ingredients infused with Pure Organic Argan oil that act dynamically to deliver a continuous surge of moisture technology that is instant, long lasting and proven to supply intense 48hour skin hydration, comfort and protection.

ULTRA BRONZERS

Individually blended bronzers are uniquely combined to create a new mixed based formulation that will effortlessly complement all skin types perfectly with an intense, deep all over glow.

PROFESSIONAL COLLECTION

THE ORIGINALS

Perfect for all skin types, however particularly complementary to a cool skin tone, the Original solutions are a green base, 2 hour tan. A green base helps neutralise any red or pink undertones that may naturally be present in the skin and prevent any 'orange' tones.

Infused with Organic Argan Oil and enriched with natural Vitamin E, our Original solutions provide an intense treatment for the skin with each and every application, transporting deep hydration whilst delivering a light to ultra dark bronzed colour.

TOOLS OF THE TRADE

MOBILE CLEAN AIR EXTRACTION

Ultra compact and lightweight, the Mobile Turbo Twister is the first of its kind. Powerful enough to effectively reduce overspray yet compact and quiet, it is an ideal solution for mobile technicians and salons with limited spaces. Lightweight design with an ergonomic carry handle ensures effortless transportation with plug and play settings and replaceable filters that are easily interchangeable through the front of the unit. The system works to draw in excess tanning solution that is in the air, into its multi stage filtration system.

CLEAN AIR SPRAY STATION

The Clean Air Spray Station is the leader in minimising mess while creating a comfortable environment for the client and technician. Whether you are operating the busiest of salons or just growing your spray tanning business, the Clean Air Extraction Booth draws excess tanning solution in the air into the multi stage filter to reduce mess and create a professional atmosphere. Made from strong lightweight aluminium, this system is easy to install without any tools and simple to operate.

PORTABLE CLEAN AIR EXTRACTION UNIT

Perfectly designed for at home set-ups or salons. The Portable Extraction Unit minimises messy overspray created while applying the tan. Excess tanning solution in the air is drawn into the large multi stage filter, and is uniquely designed to reduce mess and ensure the environment is comfortable for yourself and the client. For optimal results, combine the Portable Clean Air Extraction with an enclosure, positioning the unit on the floor behind the client.
